

WORDPRESS WEBSITE DESIGN AND DEVELOPMENT

Project brief for freelancers and agencies

1. PROJECT OVERVIEW

We are looking for an experienced WordPress designer and developer to create a modern, professional, responsive and user-friendly website for 2AEU KGO, the alumni association of Université Peleforo Gon Coulibaly (formerly URES Korhogo), Côte d'Ivoire.

The association was legally constituted on 29 August 2026 and is governed by an elected Executive Board. Our members live in Korhogo, in Abidjan, across Côte d'Ivoire and abroad. The website will become the official home of the association.

Website language: FRENCH. All content is supplied by us in French, and the entire interface menus, forms, error messages, automated e-mails must be correctly labelled in French. The technical structure must allow an English version to be added later. You may communicate with us in English or French.

Purpose of the website

- Strengthen the visibility and credibility of the association.
- Connect former students of URES Korhogo across promotions and countries.
- Present the association's mission, activities and achievements.
- Promote professional, educational and networking opportunities.
- Encourage new members to join and facilitate the payment of membership fees online.
- Attract institutional, professional and financial partners.
- Give members access to useful information and official documents.

2. BRANDING AND VISUAL IDENTITY

The design must be original and professional, built around our existing identity. Do not deliver a raw out-of-the-box template.

Item	Requirement
Primary colour	Green #16643E
Secondary colour	Orange #E0761B
Logo	Provided by us (green and orange emblem with hornbill and book)
Photographs	Supplied by us (general assembly, events, members)
Typography	One consistent, highly readable type system across the whole site
Tone	Institutional, warm and dignified — an association of graduates, not a start-up
Devices	Mobile-first: the large majority of our members browse on smartphones
Performance	Fast on 3G/4G connections; optimised images; caching enabled
Accessibility	Readable font sizes, sufficient contrast, clear navigation

The final design must reflect the history, values, unity and ambitions of 2AEU KGO. You may propose complementary shades and a full palette based on our two official colours, for approval before full design begins.

Deliver design mockups (home page + two inner pages) for approval BEFORE development starts.

3. DESIGN INSPIRATION

The following websites are provided only as sources of inspiration for structure and atmosphere. The selected freelancer must produce an original design and must not copy any of them.

- France Alumni: <https://www.francealumni.fr/fr/>
- 2iE Alumni: <https://alumni.2ie-edu.org/>
- LYSMA Alumni Association: <https://lysmaalumni.org/>
- PLAY International: <https://www.play-international.org/>
- French Red Cross: <https://www.croix-rouge.fr/>

4. SITE MAP AND PAGE CONTENT

The structure below is required. You may propose improvements, but every page listed must exist.

4.1 Public pages

01 Homepage

- Hero section with logo, association name and slogan
- Strong introduction: who we are in three sentences; mission and key objectives
- Key figures (members, promotions represented, year founded)
- Latest news (three most recent posts) and next upcoming event
- Featured projects and achievements
- Clear calls to action: « Adhérer », « Payer ma cotisation », « Nous soutenir », « Nous contacter »
- Quick links to Statutes, Internal Rules and the membership form

02 About the Association

- History of URES Korhogo, of Université Peleforo Gon Coulibaly and of the association
- Mission, vision and values
- Objectives as set out in the Statutes
- Legal information: date of constitution, registered office in Korhogo, declaration references

03 Executive Board

- Photo, full name, position and short biography of each board member
- Positions: President, Vice-President, Secretary General and Deputy, Treasurer General and Deputy, Communication Officer and Deputy, Organisation and Social Affairs Officer and Deputy
- Term of office clearly displayed (2026-2028); vacant seats shown as « Poste à pourvoir »
- IMPORTANT: this page must be fully editable from the dashboard after each election, use a custom post type or repeatable blocks, never hard-coded HTML

04 Board of Auditors (Commissariat aux Comptes)

- Names, photos and roles of the two auditors
- Short explanation of their independent financial control mission

05 Commissions and Committees

- One block per standing commission, with its mission and the officer in charge

06 Membership

- Membership benefits: solidarity support, network, directory, events, member card
- Fees clearly displayed: joining fee 20,000 FCFA (one-off) and dues of 2,000 FCFA per month, payable monthly, quarterly or annually
- Step-by-step explanation of how to join
- Online membership application form (see section 6)
- Membership renewal and payment of dues
- Frequently asked questions

07 News and Announcements

- Blog structure with categories: Communiqués, Vie de l'association, Solidarité, Université
- Featured image, date, author, search and archives by category and year
- Social sharing, with WhatsApp first, then Facebook and LinkedIn

08 Events and Calendar

- Upcoming and past events with description, location, date and time
- Calendar view and online registration form, with optional paid registration

- Photo reports published after each event

09 Projects and Impact

- Current and completed projects: objectives, beneficiaries, results
- Key figures, photographs and testimonials
- A section inviting partners to support a project

10 Professional Opportunities

- Job offers, internships, scholarships, training and mentorship opportunities
- Filters by category, location and date; expiry date per listing
- Listings fully manageable from the dashboard; members may submit an offer for approval

11 Solidarity and Social Benefits

- Support provided to members for marriage, birth, bereavement or illness, as set out in the Internal Rules
- Online form to report an event or request assistance, routed to the Organisation Officer and the Board

12 Promotions

- Presentation of the promotions represented within the association
- Public preview of the member directory, with full access reserved to logged-in members

13 Gallery

- Photo and video galleries, albums organised by event and by year
- Optimised media loading (lazy loading, compressed images)

14 Partners and Sponsors

- Partner and sponsor logos, short descriptions and external links
- A « Become a partner » section with contact form and downloadable sponsorship proposal

15 Support Us / Donate

- One-off donation form with mobile money and card payment
- Suggested amounts and free amount; automatic acknowledgement e-mail

16 Documents and Resources

- Statutes, Internal Rules, activity reports, minutes of meetings, membership form
- Downloadable PDF and Word files, organised by category and year
- Access restrictions for confidential documents (members only or board only)

17 Contact

- Contact form with spam protection and subject routing (membership, treasury, solidarity, general)
- E-mail addresses, telephone numbers, registered office in Korhogo
- WhatsApp contact button, social media links and interactive map

18 Legal pages

- Legal notice, privacy policy, cookie policy and terms of use

4.2 Members' area (login required)

- Secure registration and login, with password reset; accounts activated only after the Treasurer confirms payment of the joining fee.
- Member dashboard: personal profile, membership status (up to date or late), digital member card showing the member number.
- Online payment of dues, full payment history and downloadable receipts.
- Searchable member directory: by promotion, city, country and occupation.
- Privacy settings allowing each member to hide their telephone number or e-mail address.
- Access to documents and information reserved for members.
- Job and opportunity board where members can post offers for approval.
- Internal announcements from the Board.

5. WORDPRESS ADMINISTRATION REQUIREMENTS

The administration dashboard must be well organised and usable by people with no technical experience. Authorised users must be able to do all of the following without editing code:

- Add, edit and delete pages; update menus and homepage sections.
- Publish news and announcements; create and update events.
- Manage membership applications: approve, reject, edit or suspend member accounts.
- Manage member profiles and the member directory; assign member numbers.
- Manage dues and payment records; see who has paid and who is late; send reminder e-mails and export WhatsApp-ready reminder lists.
- Publish job, internship, scholarship and training opportunities.
- Upload photographs, videos and documents.
- Update the Executive Board page and the Board of Auditors page.
- Add or remove partners and sponsors.
- Review contact form submissions.
- Export the member register to Excel or CSV (required by our Internal Rules).
- Access basic website statistics.

User roles (strictly separated)

Role	Held by	Permissions
Super Admin	President	Full access, user management
Secretary	Secretary General	Members, documents, pages, minutes
Treasurer	Treasurer General	Dues and payments only: no content deletion
Editor	Communication Officer	News, events, gallery: no access to payment data

6. MEMBERSHIP AND PAYMENT SYSTEM

Membership application form

- Fields: surname, first names, date and place of birth, nationality, ID document type and number, address, city, country, telephone, WhatsApp, e-mail, faculty or programme, degree, graduation year, promotion, occupation, employer.
- Upload of a passport photograph and of an identity document.
- Beneficiaries section (spouse, children) as provided by our Internal Rules.
- Mandatory checkbox: acceptance of the Statutes and the Internal Rules.
- Automatic confirmation e-mail with receipt; notification to the Treasurer and the Secretary General.

Payment

- Payment gateway: CinetPay or PayDunya. State which you recommend and why.
- Must accept mobile money: Wave, Orange Money, MTN MoMo, Moov Money and Visa/Mastercard, since some of our members live abroad.
- Payments recorded automatically against the member's account; receipts generated and e-mailed.
- Administrators must be able to record an offline payment (cash or bank transfer) manually.
- Test transactions must be demonstrated in a staging environment before go-live.
- The cost of integrating the payment solution must be stated SEPARATELY in your proposal, including any transaction fees and who bears them.

7. TECHNICAL REQUIREMENTS

- WordPress CMS, latest stable version, with a professional responsive design.
- Excellent display on desktop, tablet and mobile; tested on real devices.
- French as the primary language, with a technical structure allowing English to be added later.

- Fast page loading: target under 3 seconds on a mobile connection; caching and image optimisation configured.
- Basic search engine optimisation: titles, meta descriptions, XML sitemap, structured data (Rank Math or Yoast). SEO plugin configured (Rank Math or Yoast): titles, meta descriptions, XML sitemap, structured data.
- Caching and image optimisation (LiteSpeed Cache, WP Rocket or equivalent); target load time under 3 seconds on a mobile connection.
- Google Analytics 4 or an equivalent analytics solution.
- Compatibility with modern browsers and accessibility best practices (readable sizes, contrast, keyboard navigation).
- Contact form e-mail notifications; SPF, DKIM and DMARC configured so that our e-mails are not marked as spam.
- Ensure that you move what you build to the host and ensure that all configuration work accordingly
- Any premium theme, paid plugin, licence or recurring subscription must be identified clearly. No paid product or recurring cost may be added without our prior approval.

8. SECURITY REQUIREMENTS (MANDATORY)

The site will hold personal data of members including identity documents and will process payments. Security is not optional. You must implement and document all of the following:

- Web application firewall and malware scanning (Wordfence, Sucuri or equivalent), with alerting.
- SSL/HTTPS enforced across the whole site, with automatic certificate renewal.
- Two-factor authentication (2FA) for all administrator and editor accounts.
- Custom login URL, limited login attempts and automatic lockout after repeated failures.
- Strong password policy for all privileged accounts.
- Automated daily backups stored off-site (UpdraftPlus or equivalent), with a documented restore procedure and one restore test performed in front of us.
- Activity log recording every administrative action (WP Activity Log or equivalent).
- Anti-spam and CAPTCHA on all public forms (Akismet, CleanTalk, hCaptcha or Turnstile).
- Protection of uploaded files: no public directory listing, restricted access to identity documents and photographs.
- Database hardening: changed table prefix, file editing disabled in the dashboard, hardened wp-config.
- Security headers (HSTS, X-Frame-Options, Content-Security-Policy); XML-RPC disabled if not required.
- Strict role-based access control, applied as set out in section 5.
- Cookie consent system and GDPR-compatible management of personal data, including a documented procedure to delete a member's data on request.
- All plugins and themes from reputable sources, licensed and kept updatable.

9. EXPECTED DELIVERABLES

- Proposed sitemap and structure, validated with us before design.
- Homepage wireframe or mock-up, plus two inner pages, approved BEFORE development starts.
- Proposed colour palette and typography based on our official colours.
- Complete WordPress design and development, with all necessary plugins installed and configured.
- Development of the members' area and configuration of the membership and payment system.
- Initial integration of the content supplied by the association.
- Testing: mobile, tablet, desktop, browser compatibility, performance and image optimisation.
- Security and backup configuration, with the restore test described in section 8.
- Deployment on the association's domain and hosting account.
- Full administrator access and transfer of all files, licences and credentials.
- A simple written administration guide IN ENGLISH (PDF), covering: publishing a news post, creating an event, updating the Executive Board page, approving a member, checking payments, exporting the member register.
- At least two online training sessions for our administrators, recorded so that future officers can watch them.

- Correction of all identified errors before final approval.
- At least 60 days of technical support after launch, covering bug fixing at no extra cost.

10. OWNERSHIP

Upon final payment, 2AEU KGO must receive:

- Full ownership of the website.
- Full WordPress administrator access.
- Access to the domain and hosting configuration.
- Access to all plugins, themes and licences purchased for the project, registered in the association's name.
- All original design files, source files and website backups.
- The right to modify, maintain or transfer the website in the future.

The website must not depend permanently on the freelancer's personal accounts, licences or hosting.

11. FREELANCER PROFILE

- Proven experience in WordPress design and development.
- Experience with association, nonprofit, community or alumni websites.
- Experience building secure members' areas.
- Experience with membership systems and online payment mobile money integration is a DECISIVE criterion.
- Strong user interface and user experience design skills.
- Good knowledge of WordPress security, performance and SEO.
- Good communication, ability to meet deadlines and to provide regular progress updates.

12. INFORMATION TO INCLUDE IN YOUR PROPOSAL

- A short presentation of your experience.
- Links to at least two WordPress websites you have completed, ideally for associations, nonprofits or alumni networks.
- Evidence of previous mobile money integration (CinetPay, PayDunya or similar).
- Your proposed technical approach: theme, page builder and plugin stack.
- Your estimated timeline with milestones.
- Your fixed total price and a detailed list of the services it includes.
- The separate cost of the membership and payment system.
- A list of any premium plugins, licences or recurring costs, priced separately from your fee.
- The number of design revisions included.
- Details of your after-launch support.
- Confirmation that the association will receive full ownership and administrator access.
- The content and materials you will require from us, and by when.

13. PRACTICAL INFORMATION

Item	Detail
Client	2AEU KGO - alumni association, Korhogo, Côte d'Ivoire
Content	Supplied by us in French (texts, logo, photographs, PDF documents)
Expected duration	[.....]
Contact	[name, e-mail, WhatsApp]
Payment terms	Milestones: on mock-up approval, on staging delivery, on go-live

We are looking for a reliable and creative professional able to deliver both a strong visual identity and a practical WordPress website that our administrators can easily manage over time.

Please send your proposal with the subject line: « 2AEU KGO - Website proposal ».
